

NON-GOLFERS

You do not have to play golf to help support the Catherine McAuley House for homeless women and children.

In the game of real life, your donation will have a direct impact by helping the Catherine McAuley Center provide temporary housing and food for homeless children and their mothers. It may surprise you to learn that at the Catherine McAuley House there are infants only days old, children who go to school, and mothers who go to work.

The Catherine McAuley shelter provides housing for up to 30 days, including food, medical assessment, health referrals, transportation, and a connection to community resources for housing, household items, and furniture.

Please fill out the form below, knowing that whatever you give goes directly for the housing, food, and health needs of our women and children, including utilities, transportation, and other support services.
